
Purchasing Policy

Polyhose and its Suppliers work together to deliver best in class value to our customers and strive for continuous improvement and transparent communications. We value communication and set clear supplier performance expectations for Quality, Delivery, Cost and Technology measured on a monthly basis

The mission of the purchasing member is to identify a strategic partnership for long-term relationship and to bring Best Value to Polyhose. We assist departments in identifying best source for procuring the materials within the stipulated timeframe.

Polyhose adopted Sustainable procurement policy, aiming to reduce the adverse environmental, social and economic impacts of purchased products and services throughout their life.

As a policy, Polyhose and its suppliers doesn't use Conflict Minerals (tin, tantalum, tungsten or gold) for manufacturing. Polyhose encourage vendors to reduce environmental impacts in their production and distribution systems
